

Home Activity

Learning To Make Choices

- Let your child start to make choices (“What shoes do you want to wear today?”).
- Let your child be a part of planning (“Where should we go first, to Grandma’s house or the grocery store?”).
- Only let them have choices when there really are choices (“It’s time to go to bed!”).

- Please take some time to do this activity together with your child.
- Complete and return to your child’s teacher.

Child’s Name: _____ Date: _____
